LAKE COUNTY PUBLIC LIBRARY

REGULATIONS

With Which The Subscriber Has Agreed To Comply

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only.....\$0.50
- b. If service has been suspended both ways..... 1.00

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Joint User Service will be furnished only on P. B. X. and individual line service; only two joint users may be permitted on each two-way line.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

Ownership of Facilities

All facilities provided by the Telephone Company, including directories, remain the property of the Company and are subject to the following regulations:

Foreign Equipment.—No apparatus or appliance not furnished by the Telephone Company shall be attached to or used in connection with the facilities furnished by the Company.

Directories.—Telephone directories containing the listings of subscribers, issued from time to time by the Telephone Company free of cost, are and remain the property of the Telephone Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No binder, holder or auxiliary cover except such as may be furnished by or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

INFORMATION ABOUT TELEPHONE SERVICE

How to Use the Telephone

When using the telephone speak distinctly in a moderate tone of voice.

To recall the operator on a Common Battery telephone (one where you signal the operator by merely lifting the receiver from the hook) on a connection, move the receiver hook up and down slowly three or four times.

On a Magneto telephone (one where you signal the operator by turning a crank) if you wish to recall the operator hang up the receiver and give the handle one quick turn.

Party Lines

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts to the Supervisor.

LONG DISTANCE TELEPHONE SERVICE

Station-to-Station Service—A station-to-station call is a call to a telephone at an out of town point on which the person calling will talk with anyone who answers at that telephone. Tell the Long Distance operator you will talk with "anyone who answers."

Reduced rates are in effect during the evening and night periods as follows:

Day Rates—4:30 A. M. to 7:00 P. M.
Evening Rates—7:00 P. M. to 8:30 P. M.
Night Rates—8:30 P. M. to 4:30 A. M.

During reduced rate periods no station-to-station rate of less than 35c is reduced nor any rate of more than 35c reduced below 35c.

Person-to-Person Service—A person-to-person call is a call to a particular person or a particular extension telephone on a private switchboard at an out of town point. The rates for this service are the same for all hours and are somewhat higher than corresponding station-to-station day rates.

TOLL CALLS HANDLED BY YOUR OPERATOR

Station-to-Station calls from Hammond to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call.

Rates Subject to Change Without Notice

| | | | |
|----------------------------|--------------------------------------|---------------------------|---------------------------------------|
| Berwyn, Ill.\$0.20 | Evanston, Ill.\$0.25 | Homewood, Ill.\$0.10 | Oak Park, Ill.\$0.20 |

*For calls between Hammond and the Beverly, Cedarcrest, Commodore, Intercean, Pullman, Regent, Saginaw, South Chicago, and South Shore prefixes of Chicago the rate is 10c for five minutes or fraction thereof.

iv

Hammond

Telephone Service Calls

Call "Information" for names not listed in this directory.

Call "Supervisor" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

Call your Business Office, Hammond 9981, for all matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Postal Telegraph Cable Company or the Western Union Telegraph Company.

By arrangement with these telegraph companies, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

When calling either of these telegraph companies, follow the instructions shown under its listing in this directory.

Reversed Charges—Charges may be reversed on all person-to-person and station-to-station calls. Where the station rate is less than 25c the rate for reversed charge station-to-station service is higher than the station-to-station rate.

Report Charge—A report charge is made if communication cannot be established on person-to-person or Reversed Charge calls for reasons beyond the Company's control.

Call By Number—Calling by number speeds your call. Give the Long Distance operator the name of the place and the telephone number you are calling. If you are making a person-to-person call also give the name of the person with whom you wish to talk. If you do not know the number give the name and address and the number will be furnished by the operator during the completion of the call so that you may make a note of it for future use.

When in Doubt, Use Long Distance

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.

Useful Information and Items of Interest

about

HAMMOND Calumet City

Hammond, formerly known as State Line, is situated in Lake County, Indiana, in the northwestern part of the State and directly adjacent to Chicago's eastern limits.

In 1868 George Hammond, in whose honor the city was later renamed, located his packing industry in this territory and was instrumental in the community's early development. The city charter was secured in 1873 and Hammond's growth as an important packing center was rapid. The beginning of the twentieth century, however, saw the meat packing business largely replaced by numerous diversified industries seeking to locate in a region that offered excellent transportation facilities by rail and water and an excellent accessibility to markets and raw materials.

Since 1900, Hammond has become one of the important centers for bookbinding and the manufacture of railroad equipment. Situated as it is, in the heart of the Calumet industrial region, its destiny and continued growth is assured.

Calumet City is located to the west of Hammond, and although in Illinois it is essentially and economically a part of the city of Hammond.

Post Office Information

The Hammond Post Office is located in the Federal Building at 507 State Street and is open on week days from 8:00 A.M. until 7:00 P.M. The Calumet City Post Office, at 706 Wentworth Avenue, is open from 6:00 A.M. until 7:15 P.M. Domestic mail is divided into the following four classes:

First Class: Letters, etc., 3c for each ounce or fraction thereof. Local rate for letters, 2c. Post cards and postal cards, 1c each.

Second Class: Newspapers, periodicals, etc., 1c for each two ounces or fraction thereof.

Third Class: Articles weighing not more than eight ounces. Miscellaneous, 1½c for each two ounces up to eight ounces. Books, seeds, catalogs, etc., 1c for each two ounces or fraction thereof.

Fourth Class: Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First or Second Class. Rates on Parcel Post vary with weight and mileage.

Patrons are urged to address mail completely, spell state names in full and to show return address on all matter. If in haste, use Air Mail or Special Delivery.

There are six branch substations in Hammond where ordinary postal business may be transacted from 8:00 A.M. until 5:00 P.M.

Public Library Information

The Hammond Public Library, which has approximately 90,000 volumes in its collection and an annual circulation of 700,000, is located at 5011 Hohman Avenue. The library is open on week days from 9:00 A.M. until 9:00 P.M. and on Sundays from 2:00 P.M. until 5:00 P.M. except during July and August.

Branch libraries are located at the following addresses: 847-117th St., 4809 Oak Av., 5444 Calumet Av., 1047 Conkey St., 521 Conkey St., 2823 Martha St., and 649 Mulberry St.

Civic Organizations

The Civic Organizations of Hammond and Calumet City are as follows:

Chamber of Commerce, 425 Fayette St.
Manufacturers Association, 425 Fayette St.
Kiwanis Club, Wednesday, Masonic Temple.

Rotary Club, Tuesday, 425 Fayette St.
Women's Club, Ruth & Golf Sts.
Business & Professional Women's Club, 425 Fayette St.
Calumet City Chamber of Commerce, 204, 154th St.

Recreation

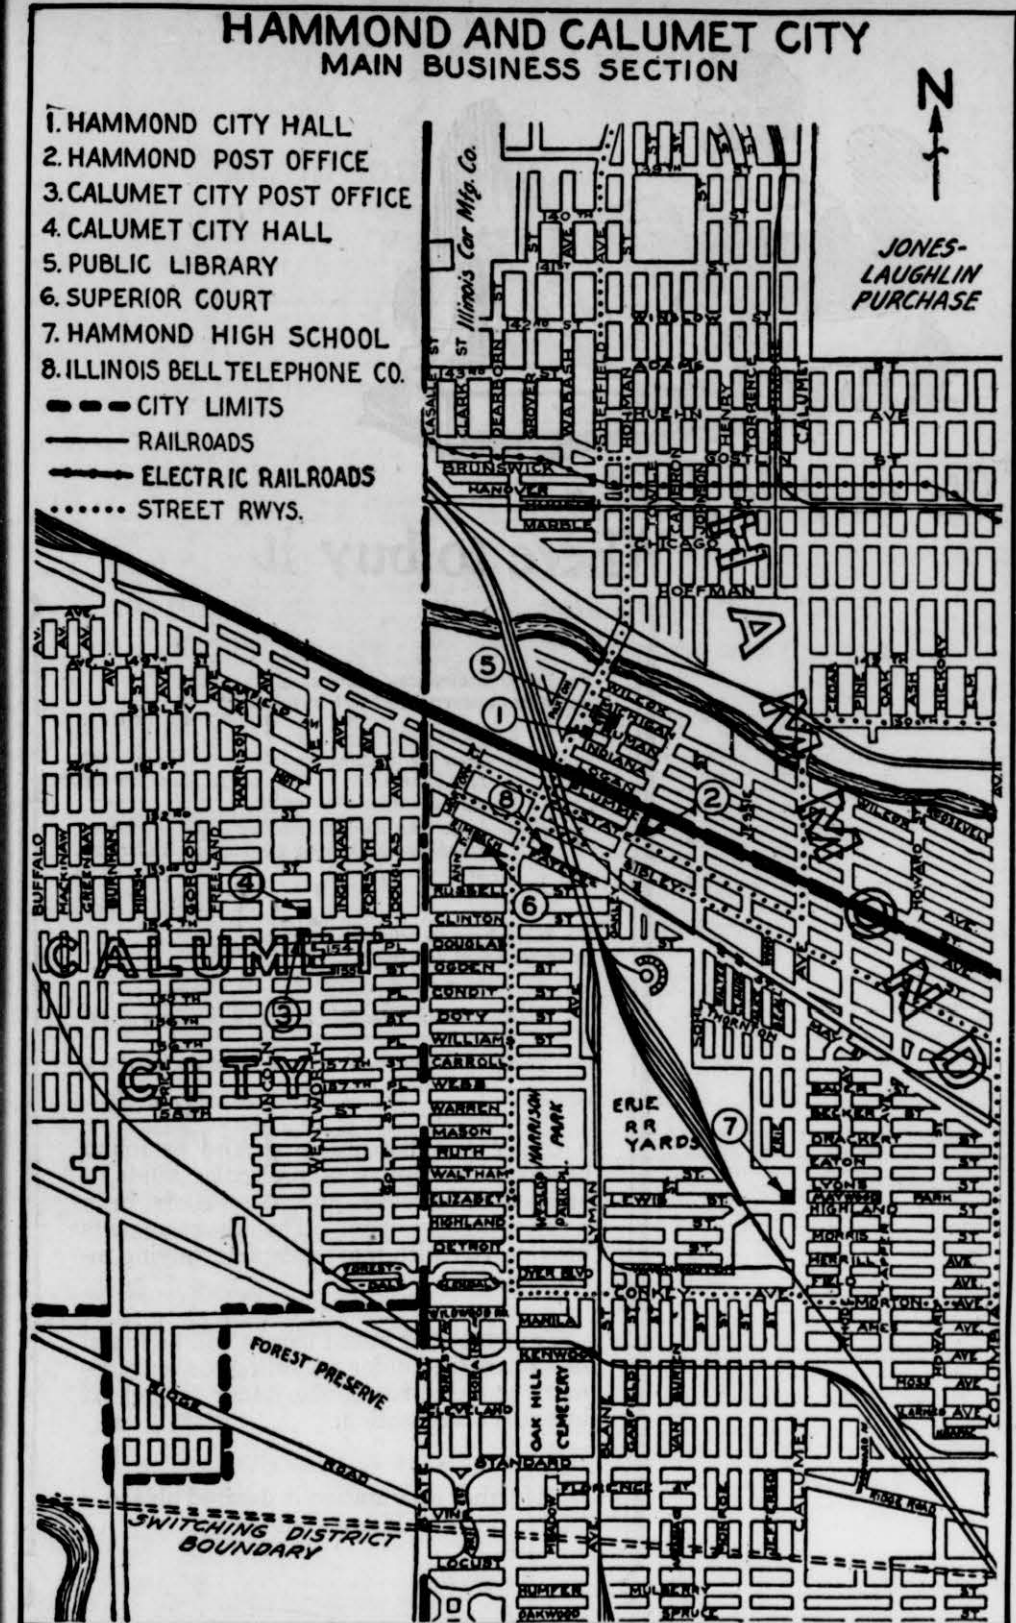

Hammond, like all other cities of the Calumet Region, is close to the Sand Dunes and Dunes State Park, for many years an attraction to sport lovers in all seasons.

Hammond's park system covers 141 acres including Lake Front Beach and several well equipped playgrounds for children. A memorial park is located in Calumet City and Wicker Park, a memorial to Lake County's war dead, is situated just outside the south limits of the city. There are several excellent theatres in the city.

Transportation

Hammond is served by several large railroads operating freight and passenger service, including the Erie, Monon, South Shore, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are also four belt lines serving the industrial district while frequent interurban passenger service is maintained between all cities of the Calumet Region. Excellent motor coach service by the larger bus lines is available to all points.

Directly south of the city is located the Hammond Ford Airport, one of the largest and best equipped fields in the country. Freight, passenger and mail service to many points is maintained on regular schedule at this field.

*"Its easy to find ~
Where to buy it"*

To find the telephone number of a business concern you have in mind—

First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next, locate the desired concern and telephone number by examining the listings under the heading.

To find where to buy the article or service you want—

First, locate the heading indexed by the name of the article or service you wish.

Then, select from the listings the dealer with whom you wish to do business.

Under these headings may also be found headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trademark or brand names will be found in alphabetical order according to the trademark or brand name, also under the general business classification.

If further information is desired please call Hammond 9981

For the Hard
of Hearing

A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our Business Office will gladly give further information.

Local & Long Distance Telephone Service

The telephone is a business
 builder worth many times its
 cost. Over each of the 11
 thousand telephones in Ham-
 mond you can quickly reach
 almost everyone in this city
 or 70 thousand other towns
 and cities in the United States and Can-
 ada.

Communication Services TO FIT YOUR PARTICULAR NEEDS

The Illinois Bell Telephone Company has a solution for your communication problem, whether it be in your business or at your home. A partial list of the many time saving and convenient facilities offered for your consideration is shown below.

TELEPHONE SYSTEMS for communication between different parts of the office, home or plant.

EXTENSION TELEPHONES in another part of the office or home.

CODE CALLING SYSTEMS designed to permit the sounding of code signals in various parts of the office or plant. By means of these code signals, persons away from their telephones may be summoned to the nearest telephone to receive a call.

CONVENIENCE PLANS to provide greater flexibility in making or answering calls on one or more lines and with intercommunicating and secrecy features.

TELEPHONE TYPEWRITER SERVICE for instantaneous communication of typewritten messages between offices in the same building, in the same city or in different parts of the country.

LOUD RINGING BELLS for locations where noise makes it difficult to hear the ordinary telephone bell.

EQUIPMENT for the reception of telephone orders with speed and efficiency.

ESPECIALLY EQUIPPED TELEPHONES for those who have difficulty in hearing over an ordinary telephone.

A telephone call to our Business Office, will bring a representative who will gladly discuss with you your own particular communication problems.
